Thousands of strangers left the city after the A Suggestion by Gov. Morton-Promoted Indianapolis, Tuesday, May 23, 1865.

Gov. Morton has suggested to the Secretary of War the propriety of Issuing an order directing that all field, staff and line officers now in the service; and shoot to be mustered out with their commands, who have been promoted and commissioned to higher grades in their respective regiments and companies, but who have not been mustered into said grades by reason of the commands being below the minimum strength, he so mustered in at the date of their muster out. It is claimed that the efficers have assumed all the responsibilities and discharged the daties connected with pestitions to which they have been commissioned for meritorious services, and that, while their muster in, as proposed, would not increase their pay, or in any manner affect the Government, it would be regarded by them as a valued compliment—a mark of appreciation them as a valued combinent, it would be regards them as a valued combinent—a mark of appreci-and recognition of their faithful services in saving restoring the country. The cooperation of Govet of other States has been invited to secure the issu-of the order mentioned.
